COUNTY HOME IS COMPLETED

"OPEN HOUSE" FOR INSPECTION HELD SUNDAY.

CLEANING UP TODAY

Chief Feature Of Building Is The New Dormitory Plan In Place Of Private Rooms.

With the erection of lightning rods and replacing of the last pieces of tile on the roof, Nodaway county's new infirmary, built to replace the one which burned last spring, was completed today. It will be accepted by the County Court late this afternoon.

An "open house," at which the new building may be inspected from top to bottom, has been arranged for Sunday by the court and Superintendent George E. Brown. The hours will be from 9 a. m. to 5 p. m.

Cleaning up was in progress today in preparation for the formal opening. As soon as possible, the patients will be transferred from the temporary shack in which they have been living all summer.

The cost of building and furnishing the new infirmary is estimated at $37,500. The cost was reduced considerably by salvage of material from the old building.

No Bond Issue Needed.

No bond issue was asked by the County Court. With $17,500 insurance, the three judges, E. T. Bailey, Charles Armstrong and J. N. Billingsley, decided that the infirmary could be rebuilt by increasing the levy 2 cents, thus avoiding interest payments and other expenses of the usual bond issue.

The chief feature of the new building is the employment of the ward or dormitory plan, as opposed to private rooms. Built almost entirely of brick and concrete, it is as nearly fireproof as a structure can be made. It has another advantage over the old building in that all patients are cared for on the ground floor.

The main section of the new building has two stories and basement, while on each side are wings of one story only. Entering the main section, the visitor is admitted into a hall which leads to the rear. On one side of the hall is an office room for the superintendent and a dining room for the superintendent's family and employes. On the other side is a public reception room and a guest bedroom and bath.

The kitchen, to which the main hall leads, is equipped with a large porcelain sink, a meat block and built-in cabinets. The superintendent's dining room also contains built-in cabinets and a built-in refrigerator.

The men and women patients will have separate dining rooms opening on each side of the kitchen. There are steel lockers in the halls leading to the two dormitories, and in front of each dormitory is a large sun parlor. Both men and women have bathrooms with showers and other modern equipment. One "sick room" is located on the women's side and two on the men's side.

On the second floor of the main section are nine rooms and a bath, to be used by the superintendent's family and the employes.

All floors are on concrete, with a cork covering.

The basement, extending beneath the entire building, is the especial pride of Superintendent Brown. There are several large storage rooms, a smoking room for the men, and two well-lighted rooms with wired windows in which patients requiring confinement may be placed. Another room contains laundry equipment, and another the heating plant. Two large tanks provide water storage space.

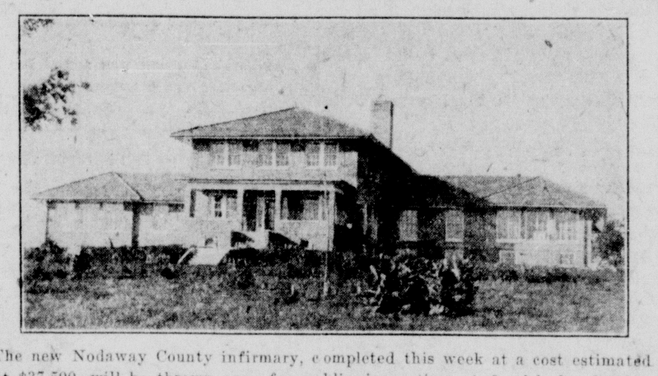
Traveling salesmen who have visited the new building have declared it the most modern and best built structure of its kind in the state.

Visitors Sunday may also inspect the farm on which much of the food for the county patients is produced. At present the superintendent has 225 pigs which he is feeding for the market. Of these, 106 are spring pigs nearly ready for shipping. Calves also are fed.

To Use Nevada Land For Ammunition Depot

Washington, Oct. 29.—Ten thousand acres of public land in Mineral County, Nevada has been reserved for exclusive use as a naval ammunition depot, the Interior Department announced today. Reservation of this site resulted from lessons from the recent Lake Denmark arsenal explosion.

To Be Opened Sunday



The new Nodaway County infirmary, completed this week at a cost estimated at $37,500, will be thrown open for public inspection at 9 o'clock Sunday morning.

SPOOFHOUNDS LEAD TRENTON

MARYVILLE 9, OPPONENTS 0—PLAYING SECOND HALF.

SCORE ON A SAFETY

Bad Pass From Center Goes Over Goal Line and Trenton Man Is Downed There.

BULLETIN.

Kissinger scored a touchdown for Maryville in the third quarter of the Maryville-Trenton high school game and added the extra point. Score: Maryville 9, Trenton 0.

Maryville High School's Spoofhounds held a 2-point advantage over their bitter football rivals from Trenton in their annual game this afternoon on the College gridiron.

The Maryville score came near the end of the half, when Scheetz of Trenton was forced to drop back for a punt in the shadow of his own goal posts. The pass from center was bad, the ball rolled over the line, and Scheetz was downed for a safety.

Opening the game, Kissinger kicked off to the Trenton 10-yard line, and Forbes returned ten yards. Forbes made six yards and then two more. Moore added another, and Sheets punted out of bounds on the Maryville 21-yard line.

After Kissinger had made four yards and Keever three, Kissinger was thrown for a five-yard loss, and he then punted to Trenton's 40-yard line. Moore of Trenton fumbled, and Mumma, Spoofhound end, recovered for Maryville on the 46-yard line. Trenton took time out.

Pass Nets 25 Yards.

The Maryville offensive then got under way. Kissinger made four yards and Stanfield one, after which a pass to Alsup resulted in a gain of twenty-five yards. Kissinger made a yard and a half, but lost ten on the next play, whereupon Maryville took time out. Keever made four yards and Kissinger then attempted a place kick, which hit the goal post.

Taking the ball on their 20-yard line, Trenton made a first down and nearly made another but had to punt, the ball going to Stanfield on the Maryville 30-yard line.

With Kissinger and Keever alternating in lugging the ball, the Spoofhounds carried it again within kicking distance as the quarter ended.

At the opening of the second quarter, Kissinger again tried a place kick, but it was blocked, and Trenton's Bulldogs again had the ball on their 20-yard line.

Moore fumbled and was thrown for a 10-yard loss by Alsup and Howard. Trenton took time out, then, on a fake kick, gained ten yards. Thompson was substituted for Nichols.

Sheetz punted to Trenton's 35-yard line, and after Kissinger, on three tries, failed to make first down, he punted over the goal line.

Trenton again found a stone wall, and Sheetz punted to the 50-yard line. Kissinger fumbled, but Howard recovered on the 40-yard line. A 4-yard gain by Kissinger and seven yards by Keever made a first down. Kissinger and Keever again made it first down, Trenton trying to half the advance by taking time out.

Two airplanes which swept down close to the field bothered the players of both teams somewhat.

Bush was substituted for Stanfield and made four yards. A third place kick by Kissinger went wide. Trenton again took the ball on the 20-yard line. On a fake kick, Jones made two yards, but on the next play, with Sheetz back to kick, the pass was bad and the ball

BULLDOGS IN LEAD 13 TO 0

KIRKSVILLE SCORES TOUCHDOWNS IN FIRST HALF.

BEARCATS OUTPLAYED

Victory Today Will Make Bulldogs Favorites for Championship of M. I. A. A.

BULLETIN.

At the end of the first quarter, Warrensburg 0, Springfield 0.

Kirksville, Mo., October 29.—The Kirksville Bulldogs were leading the Maryville Bearcats, 13 to 0, near the end of the first half of their M. I. A. A. football game at Kirksville this afternoon. The Bulldogs clearly outplayed the visitors in the first two periods.

Capt. Daye Eads, star State Teachers College halfback, was missing from the starting lineup of the game this afternoon. Still nursing a shoulder with an infected bone, the Bearcat leader was held on the sidelines at the start of the game, and "Sheeney" Wilson, his understudy, lined up in his place.

It was a good football day in Kirksville. It was cloudy and slightly cool but not threatening.

The crowd started coming early and before the game started, between 1,500 and 2,000 fans were in the stands. A small coterie of Maryville rooters was on the Bearcat side of the field long before the teams appeared for preliminary practice.

The Northeast Missouri Teachers Association is meeting in Kirksville this week-end, and a record crowd of homecoming visitors attended the game.

When the referee's whistle blew to start the game, streams of humanity were still entering at all gates to the field.

Maryville won the toss and elected to kick off. The officials were: Meyers, head linesman; Elliot, referee; Lampke, umpire.

The line-ups:

Maryville	Pos.	Kirksville
Berst	LE	Chevalier
Lewis	LT	Solman
Cox	LG	Vail
Graham	C	Downing
Mullenaux	RG	Adams
Hartman	RT	Barker
Ervin	RE	
Wilson	LH	Cottle
Search	RH	Simmons
O'Banion	FB	Fuerst
Willoughby	Q	Craig (Act. Cap.)

First Quarter.

Maryville kicks off. Berst kicks out of bounds, 2nd trial, kicks out to Cottle on 15 yard line; Cottle returns to 30 yard line; L. Craig made one yard over left tackle; Fuerst makes one yard over right guard; pass to Fuest by Craig incomplete; fourth down; Cottle punts out of bounds on Maryville's 34 yard line.

Willoughby made 5 yards over right tackle; O'Banion carried ball for 8 yards around right end; Willoughby went over center for 5 yards; time out for Kirksville, left guard, Vail; Wilson went over left guard, no gain; O'Banion went over center for 4 yds; Graham passed the ball over O'Banions head and Kirksville took the ball on Maryville's 40 yard line.

Simmons went over left tackle for 3 yards; Craig went over right guard for 5 yards; a pass, L. Craig to Cottle was incomplete; a Kirksville place-kick from 37 yard line was wild. Maryville's ball on her own 20 yard line; O'Banion's punt was high and it was Kirksville's ball on Maryville's 35 yard line; L. Craig went over left tackle for 9 yards; Simmons made 42 yards around right end, first down; L. Craig carried ball over for touchdown 11 yards; place kick for extra point was good. Score Kirksville 7, Maryville 0.

Berst kicked off for Maryville to L. Craig on the 10 yard line; he returned to 28 yard line; Cottle hit over left tackle for 5 yards; Cottle's pass to Fuerst was good for 15 yards and first down; Cottle hit left guard for 2 feet; he lost the ball on fumble; Maryville's ball. Search went over

FORD EXPLAINS PROPOSITIONS

SENATOR DISCUSSES PROPOSALS TO BE VOTED UPON.

"YES" ON NOS. 1 AND 2

"No" on Nos. 3 and 4—Workmen's Compensation Law in Missouri Is Needed Badly.

The Democrat-Forum asked Senator M. E. Ford to write an article explaining the four propositions to be voted upon at the election Tuesday. After reading Senator Ford's article, it will be seen that for the best interests of Missouri, the voter should vote "Yes" on Numbers One and Two, and "No" on Numbers Three and Four.

Editor of The Democrat-Forum:

In accordance with your request I am writing a brief explanation of the four propositions to be voted upon next Tuesday. Necessarily the discussion of each must be very short. It will be impossible to consider the provisions of these laws in detail.

Proposition No. 1.

The last general assembly passed a workmen's compensation law. Forty-two states now have such laws. Missouri is the only industrial state without such a law. Those who have made a study of Workmen's Compensation laws regard the Missouri law as one of the best.

The framers of this law gave the most careful consideration to the laws of other states and sought to select the good points from each while seeking to avoid their defects.

This is the third attempt to enact a workmen's compensation law in Missouri. Previous efforts were made by one side or the other working alone. This time the Associated Industries and the labor leaders got together and worked out a law that is satisfactory to both. Of course it is not satisfactory to everybody. Nothing ever is. The dissatisfied elements invoked the referendum and had the matter referred to the people.

Modern industrial conditions make some sort of workmen's compensation law necessary. Missouri must supply this need if it expects to grow as an industrial state. The radical elements in both industry and labor as well as those who profit by the misfortune of others are opposing this law and will oppose any law unless they are allowed to write it themselves. The people must come to the relief of those who are working for a sane law. They should vote YES on No. 1.

Proposition No. 2.

The second proposition would permit the three big cities, St. Louis, Kansas City, and St. Joseph, to pension their policemen, if injured, and their families if the policeman is killed while on duty.

Ordinarily pension laws, no matter what high standing title may be applied to them, do not recommend themselves to me. All of us are inclined to be liberal, even lavish, with other peoples money; and the temptation to be generous, so long as it costs him nothing, is almost too much for the average office holder.

Yet the police force is largely composed of young and vigorous men. The service requires such men, and they are liable to be cut off at any time and without a moments warning. Even if they receive generous pay their lives are liable to be snuffed out before they have had time to provide for their families. It seems only right that the cities should be allowed to provide for the families of those who are killed or injured in the line of duty. The fact that the law is liable to be abused ought not to be allowed to stand in the way. The responsibility is upon the cities themselves to see that their own laws are properly administered. The state should accord them the power to enact such laws if they so desire. We should, therefore, vote YES on proposition No. 2.

Proposition No. 3.

Proposition No. 3 is also a Workmen's Compensation law. It has the backing of the radical element in the ranks of labor. It is also supported by those who are opposed to any workmen's compensation law whatever. Those who are opposed to any compensation law are largely responsible for No. 3 being on the ballot as it is to their hope and expectation that having two compensation laws on the ballot will so confuse the voters that both will be lost.

While No. 1 will entail no expense to

QUEEN MARIE 51 YEARS OLD

PLANS MADE FOR BIRTHDAY CELEBRATION.

HOLIDAY NEXT WEEK

Members of Royal Trio Will Rest From Social Engagements—Prince and Princess Glad.

Aboard Queen Marie's Special Train in Canada, Oct. 29.—Although thousands of miles from home, officials and attaches planned a birthday celebration today for Queen Marie, resembling as much as possible the gayety surrounding her on such days in Bucharest.

Her Majesty is 51 years old today.

Such an age is rather paradoxical for the jubilant, picturesque and democratic granddaughter of Queen Victoria. It is only when the queen is fatigued from such social programs that she appears her age and such times are rare.

Today she was in high spirits and resembled her 17-year-old daughter, Ileana, in youthful exuberance.

Members of the party kept silent their plans for the birthday. It was not likely, however, that there would be anything more than the quiet presentation of gifts from intimates of the family and expressions of pleasure over the significance of the occasion.

The entire family is looking forward to next week when each will be free for one day from the usual routine of social events. The decision of Queen Marie of the "one-day vacation," in which the royal trio will be ordinary individuals as do just as they please, has brought great joy to Princess Ileana and Prince Nicolas, who have been suffering more repression on the American trip than ever before in their lives.

Mrs. Moss One of Best Known Women

Speaker Here Tomorrow Is Former College President and Active in Club Work.—Ran for Congress.

Mrs. Luella St. Clair Moss, who will speak at the Democratic meeting in Maryville tomorrow night, has long been prominent in activities of Missouri women. For many years she was president of Christian College at Columbia, and she retains still the title of president emeritus. She is first vice-president of the Missouri Federation of Women's Clubs.

In 1922, Mrs. Moss was the Democratic nominee for representative in Congress from the eighth Missouri district, winning in the primaries over two male opponents. Her vote in the primaries was 8,103, while her nearest opponent had 5,707. In the general election, Mrs. Moss nearly upset Missouri political traditions by becoming the first woman representative in Congress from this state. She had a strong opponent, however, in Sid C. Roach, the incumbent, and she was defeated by a vote of 25,927 to 21,559.

Mrs. Moss' prominence as an educator, her leadership in women's activities and her oratorical ability have made her much in demand as a campaign speaker.

Epworth League Will Give Program Sunday

The members of the Epworth League of the M. E. Church at Quitman will give a program after the devotional hour, Sunday. It will be a temperance program and the feature of the meeting will be a playlet. Those who will take part are Ethel Hoyt, Elsie Fanning, Harold Hoyt, Clifford Walker and Frank Palmer. There will be several other numbers on the program.

Sunday Services.

The Reverend Hess will conduct services at the Methodist Church at Wilcox at 7:30 o'clock, Sunday night. He will conduct services at Pleasant Grove at 11 o'clock Sunday morning.

Measure Tautness.

Washington, Oct. 29.—Experts of the Bureau of Standards have discovered an instrument to measure the tautness of fabric covering airplane wings.

The new instrument is so constructed that a portion of the fabric may be isolated and the tension in it measured without disturbing the covering in any way.

Grand Jury to Probe Vote List Complaints

Reports That Names Of Qualified Negro Voters Have Been Removed From Lists To Be Investigated.

Kansas City, Oct. 29.—The federal grand jury convening here next Wednesday will investigate complaints that the names of negroes, who are qualified voters, have been removed from the registration lists illegally, it was announced today.

Four witnesses have been summoned to appear before the grand jury by Roscoe Patterson, United States district attorney.

GANG WARFARE LOOMS ANEW

SOUTHERN ILLINOIS IS TENSE WHILE AWAITING DEVELOPMENT.

BATTLE FOR CONTROL

Birger and Shelton Factions Rivals for Domination of Liquor Business in Coal Mining Section.

Marion, Ill., Oct. 29.—A sense of forboding gripped southern Illinois today as citizens anticipated renewed fights between the Birger and Shelton gangs, the two factions now engaged in a bitter feud for control of the coal belt liquor business.

The presentment of the impending warfare was given added impetus when Charles Birger, leader of one faction, reiterated his former statement that "I am out after the Sheltons." Birger is defiant because of the recent shooting of some of his men.

The fight between the two gangs, who formerly worked together, assumed serious appearances almost two months ago when the break between them became more decided. From that time, there has been numerous shootings and machine gunning of roadhouses, which have been attributed by authorities to the two gangs. Several Birger and Shelton men have been killed.

Birger said that the original break between the two gangs occurred when the Sheltons persisted in adding bank and highway robberies as a sideline to the liquor business.

"I wanted to work the liquor business for all it was worth," he said, "and stay out of the dangerous stuff. There was plenty of money in liquor and gambling. But the Sheltons had made a lot of money in liquor and I guess they were pretty ambitious. Well, we finally broke and I reckon they started out then to get me."

Bedford Woman Hurt When Car Overturns

Mrs. Lee Jobbins In St. Francis Hospital Here As Result Of Accident North of Maryville.

Mrs. Lee Jobbins of Bedford, Ia., is in St. Francis Hospital today suffering from injuries received when the automobile in which she was riding turned over about four miles north of Maryville about 5 o'clock yesterday afternoon. Mrs. Jobbins had been in Maryville shopping and was returning to her home. While on the nine-foot paving a short distance south of Pickering the car hit a soft place in the road and overturned. Mrs. Jobbins suffered several cuts on her face and back injuries. Her condition is satisfactory this afternoon.

Annual School Fair Held at Skidmore

Fifth Affair Being Held at Apple Mill Today and Tomorrow—Political Meetings Also.

The fifth annual fair of the Skidmore schools opened this morning and will continue through tomorrow. The fair is being held in the old Apple Mill where the schools will have their various booths. The displays will consist of posters, fruit canned by them, sewing, garden displays and other agricultural products. The judges will be Roy A. Kinnaird, head of the agriculture department of the State Teachers College, and some students from the department of domestic science of the College.

Dr. J. C. Whitsell, Democratic candidate for congress, and Judge A. B. Duncan of St. Joseph were scheduled to make addresses at the fair this afternoon. A Republican rally is to be held this evening but the speakers have not been announced.

Lum Patterson and his band from New Point are to furnish music for the fair.

WATSON GIVES HEATED REPLY

NEVER BEEN A MEMBER OF KLAN SAYS SENATOR.

"CONTEMPTIBLE LIE"

Klan Investigators Adjourn Today Until After Election Tuesday.

Indianapolis, Oct. 29.—Senator James E. Watson today issued a heated answer to the testimony of William M. Rogers, former Indianapolis Klansmen, before Senator James A. Reed at the hearing of the Senate investigating committee in St. Louis yesterday.

"It is an unvarnished, contemptible lie, told with malicious purpose at the end of the campaign," said Watson at the Methodist Hospital here where he is recovering from injuries suffered in an automobile accident several weeks ago. Rogers testified before Reed that he met Watson in Washington by a letter of introduction from D. C. Stephenson, former grand dragon of the Indiana Klan, and that Watson told him he carried an imperial passport in the Klan signed by Dr. Hiram W. Evans, Imperial Wizard.

Watson declared emphatically he had never been a member of the Klan and that an invitation had never been extended him to join the hooded order.

"I do not remember of ever meeting this man Rogers," Watson said. "The statement that he carried a letter of introduction to me from Stephenson is a lie. I never had any political or social dealings with Stephenson."

St. Louis, Oct. 29.—Marked so far by testimony introduced in an effort to show that the Ku Klux Klan formerly dominated Indiana politics, the Senate slush fund investigation of Hoosier political affairs will be taken up after the close of the election campaign.

This announcement was made when Senator James A. Reed of Missouri, chairman of the investigating committee, recessed the St. Louis hearing last night to help out his party in the Missouri campaign.

Canton Army Expected to Sweep Thru China

Will Probably Establish New Government At Peking, British Foreign Office Attaches At London Believe.

London, Oct. 29.—Canton's nationalist anti-foreign army probably will sweep through all opposition in China and eventually will establish a government at Peking, according to views of Chinese affairs which, it was understood today, had been expressed by the British government before the imperial conference.

The foregoing opinion was reached upon the basis of all information available to the foreign office.

If the nationlists, now operating in central China, are successful, it is believed they would discard the assistance of Russia and other radicals and that Great Britain then would be able to establish friendly relations with the new China.

English in China, it is understood, have received intimations that they should not antagonize the Cantonese but should do their utmost to improve relations.

Pending further developments, it was learned that the British government was considering the advisability of recognizing the government of southern China at Canton as well as the so-called central government at Peking.

FOOTING IT.

Edward Payson Weston, who has walked 150,000 recorded miles and uncounted scores of other miles, now at the age of 88 and still walking, is entitled to speak for pedestrians and pedestrianism. He says:

"It's high time people started walking again. Lack of exercise is killing our business men, and cigarets and steering wheels are ruining our youth. Modern girls take their meager exercise in dancing. Walking will keep the world alive. If people would forget their autos and hike three or four miles a day, they would live much longer."

This is good gospel, at least in theory. But in practice, is the venerable hiker so sure of his ground? The current impression is that the hiker, instead of living longer, is likely to get bumped off at any moment by somebody in a car unless he keeps to the back yards, fields and woods, and that in self-protection it is necessary to buy a car and, if there is any bumping off to be done, do it to the other fellow.

POWER AND FERTILIZER BOTH ESSENTIAL.

Senator Harrison, of Mississippi, expresses the opinion that the Muscle Shoals power development question will be settled by the next session of Congress. Commenting on the bill which was recommended by a special joint committee of the Senate and House last spring, and which failed to come up for a vote, Senator Harrison said:

"The bill is one of constructive nature and carries out the purpose of the original act that made possible Muscle Shoals development. It insures the manufacture of fertilizer and the sale of surplus power, with every safeguard to protect the rights of the United States and the consumers of both fertilizer and hydroelectric energy. If there are any weaknesses in the bill, then we can cure them."

SWAT IT HARD.

Voters should not be misled with the idea that, because the Attorney General has ruled that proposition No. 4 should not have been placed on the election ballots, it makes no difference about voting on it. It is there and every voter who wants law and order in this state should vote "no" on this proposition.

This is the proposition that proposes to repeal all laws in this state relating to the traffic in liquors and to make Missouri a bootlegger's paradise. If this proposition carries, it means that all state officials, including sheriffs, deputy sheriffs, constables, police officers, prosecuting attorneys and the courts will have nothing to do with violations of Federal prohibition laws because there will be no laws on the subject in the State of Missouri. The proposition is so vicious that both wet and dry citizens and leaders who have some respect for law and order are opposed to it. Yet, unless the law abiding citizens of the country districts vote down such a proposal, it might be carried by the lawless votes of the cities. And, it should be voted down by a tremendous majority so as not to give encouragement to such proposals in Missouri in the future.

Can you imagine, for a moment, what it would mean if any and every body could sell, buy, drink and otherwise use intoxicating liquors in this state without let or hindrance and with no state regulations on the subject? That is just exactly what this proposal means. There never was such a condition in Missouri. In the old saloon days, there were laws and regulations under which it could be sold and used and there were licenses necessary in order to sell. Under this proposal, the bootlegger and the gunman would be about the only people in this state who could be independent of all restraint and who could ride the highways in their own way.

The invasion of the old time barber shop by modern-day flappers and their rapid transformation into bobber shops has brought them into the ranks of billion dollar industries. The bob has added $150,000,000 each year to the incomes of the American barbers and beauty shops and 5,000,000 women visit them regularly. Neither are the men so slow nowadays. It is estimated that the 40,000,000 males above the age of 16 leave with the tonsorial parlors $500,000,000 yearly for hair cuts and shaves, $100,000,000 for their tonics, $50,000,000 for shampoos, singes and scalp treatments besides a lot of money for massages and other efforts to make them better looking.

Stewart's WASHINGTON LETTER

By Charles P. Stewart.
NEA Service Writer.

Washington.—John Hays Hammond would be President Coolidge's pick for one of the commissioners of the District of Columbia if he had his voting residence here, according to talk around the White House executive offices.

In a physical sense the old mining engineer does live here rather more than half the time, in perhaps the most beautiful home in Washington.

He has another palace at Gloucester, Mass., but officially he's a New Yorker. That lets him out as a candidate for a District of Columbia commissionership.

Hammond has in what he calls the "den," in his Washington chateau, probably the most remarkable collection of photographs in the world.

"Den" suggests a small place but this is a very large room and, from top to bottom, all four walls are covered with framed pictures of the notabilities its owner has known personally in the course of his long and adventurous career in nearly every country on earth.

These were no ordinary folk. They were the kind who made history—kings, queens and presidents, empire builders, commanders of fleets and armies, lords and ladies, famous authors and artists, cabinet members, explorers, celebrities of every sort and description.

To the last one, these photographs are autographed to John Hays Hammond.

A multimillionaire and one of the world's foremost mining authorities, Hammond met all these great ones of the earth on terms of equality.

Road Bonds Proposed in Randolph County

Petitions Ask County Court to Call Election.—Money to Be Paid Back by State.

Moberly, Mo., Oct. 29.—Petitions are being circulated in Randolph County, asking the county court for an election to vote on a $500,000 bond issue for road improvement in this county. The move was decided upon as the result of a talk here by B. H. Piepmeier, chief engineer for the Missouri highway commission.

Randolph County state roads cannot be completed before 1934, under the present plan, Piepmeier told the luncheon group, adding that money necessary to complete the work would not be available before that time.

Mr. Piepmeier said he would not advocate either a state bond issue or a county bond issue, as it was entirely up to the people how soon they wanted the roads completed.

He added, however, that 46 counties in Missouri had voted bonds to complete the state road program in their territories and that these counties, most of them located in south Missouri had had their roads finished a year ago.

The bonds, if voted by the county, would every cent be paid back in the next five years from state funds, Peipmeier explained, and the only real cost to the county would be payment of interest on the bonds.

Candidate Drinks Poison by Mistake

James H. Covert, Republican Nominee for Congress in 16th Missouri District, Dies.

Houston, Mo., Oct. 29.—James H. Covert, Republican candidate for Congress in the Sixteenth district, died at his home here late Wednesday night, after he had mistaken a bottle of carbolic acid for cod liver oil and taken some of it.

Mr. Covert, a widely known southern Missouri lawyer, was a presidential elector in 1924, and had donated a home for the poor of Texas County.

He is survived by his wife and a son, Maurice Covert.

The sixteenth district in 1924 was Democratic.

Propose to Name Room for President Harding

Washington, Oct 29.—It is proposed that one of the dining rooms in the new home of the National Press Club, which will occupy the two top floors at the 14-story National Press building, being erected here by the club, shall be named for the late President Harding, the only president who ever qualified for active membership in this organization of newspaper men. Mr. Harding was a member of the Press Club as publisher of the Marion (Ohio) Star.

President Harding was a member of the club for years before he became President. He participated in the club's annual elections; played in the club's golf tournaments and visited the club quarters whenever he had the opportunity.

At St. Joseph Market.

Among the Nodaway countians who shipped stock for yesterday's market at St. Joseph were Beryl Montgomery, J. D. Growney, Ed and Ova Wohlford, H. E. Stalling, Wade Brothers, Nodaway Valley Cattle Co., E. Boyer and C. L. Holbrook.

C. L. Grooms and H. Neidel of Maryville also were market visitors.

Used by People of Refinement

People who are careful of their health and strength use Wrigley's Chewing Sweets.

Because Wrigley's, *a delightful confection*, also affords beneficial exercise to the teeth, and, by increasing the flow of saliva, clears the teeth crevices of food particles. And it aids digestion!

It removes odors of eating or smoking.

Thus the use of Wrigley's shows consideration for those about you, and is an evidence of refinement.

Fifteen members attended yesterday afternoon's meeting of the Woman's Missionary Society of the Presbyterian Church at the home of Mrs. J. A. Ford on South Main street. Mrs. G. E. Alexander of Medicine Lodge, Kan., was a guest. Miss Elizabeth Sawyers was the devotional leader in the absence of Mrs. G. H. Colbert, the chaplain. The foreign topic, "Some Indian Women," was presented by Mrs. J. H. Gray, and an interesting map talk on Alaska was given by Mrs. Charles A. Haggard. A social hour and refreshments followed the program. The assisting hostesses included Mrs. J. F. Coby and Mrs. Joseph Jackson.

D. A. R. Chapter Opens Season.

The opening meeting of the Maryville Chapter, Daughters of the American Revolution, yesterday afternoon took the form of a chapter birthday luncheon in observance of the fourteenth anniversary of the chapter. The affair was held at 1 o'clock at the home of Mrs. H. E. Wright on South Main street, with Mrs. LeGrand Gann, Mrs. Ed G. Orear, Mrs. Fred Kurtz, Mrs. C. C. Corwin as joint hostesses. Autumn leaves were used in the decorations and a color effect of gold and black prevailed in the appointments of the two-course luncheon. A large birthday cake decorated with fourteen gold candles formed the table centerpiece. The luncheon was followed by a program on Missouri, which opened with a paper on "Centers of Historical Interest in Missouri" by Mrs. R. B. Montgomery. Under the leadership of Mrs. D. R. Baker, there was a discussion of "The Greatest Problem in the State," special mention being made of education, amendment No. 4, and good roads. Assisting Mrs. Baker were Mrs. J. A. Spires and Miss Orril Heiwig. In the absence of Miss Mae Corwin, delegate to the state conference at Joplin, the report was given by the regent, Mrs. George H. Colbert, who attended the conference by virtue of her office. The program closed with two selections by Mrs. L. L. St. Clair, who sang "Joy of the Morning" (Ware) and "To A Messenger" (LaForge). Mrs. A. F. Harvey played the piano accompaniment. Thirty resident and two non-resident members, Miss Matie Evans of Parnell and Mrs. Wroe Carpenter of Burlington Junction, were present. Guests from out of town were Mrs. H. Belle Springer of Greeley, Colo., and Mrs. Emma McCarroll of Ottumwa, Ia., guests of Mrs. W. O. Garrett; Mrs. R. C. Benight and Mrs. Everett Hopper of Fort Collins, Colo., and Mrs. J. W. Jones of Loveland, Colo.

Evicted!—toll of the "Damage Suit" System

Crippled at work—children sick—*and evicted.* This family and its possessions thrown into the street.

This true story of an actual happening to a family is taken from the records of one of the best known charitable organizations in Missouri. It is told here to show the brutal result of the vicious "Damage Suit" system which Proposition No. 1 will stamp out.

This workman's back had been injured. Helpless, he was flat on his back for weeks—it would be months before he could work again.

Soon the four children were taken sick and what little had been saved was gone. The rent piled up. ***Eviction—then charity.***

Kindly neighbors let the destitute family use the basement for a home. Organized charity supplied the bare necessities. A family of six became a public charge; four children start life with a taste of its bitterest dregs.

Records of Missouri charity organizations are full of just such cases. Hundreds of families each year are forced to turn to charity and become public charges because Missouri has no Workmen's Compensation Law.

Don't be tricked by Proposition No. 3

Special interests have seen to it that you have a chance to be *confused* and *tricked out of* a Workmen's Compensation Law.

You will find on your ballot Proposition No. 3, a counterfit Workmen's Compensation Law. It was put there BY PETITION. Canvassers were paid from *10c to 25c for each name* they secured.

Proposition No. 3 WAS NEVER SUBMITTED TO OR CONSIDERED BY YOUR LEGISLATURE. It was FRAMED UP by special interests to kill the act passed by your Legislature.

PROPOSITION NO. 3 PUTS THE STATE OF MISSOURI *in the Insurance Business.*

It takes $4,000,000 OF THE TAXPAYERS' MONEY from the State Treasury to start a STATE INSURANCE FUND and creates a new bureau of MANY HIGHLY PAID political appointees.

IT WILL INCREASE TAXATION AND DRIVE BUSINESS OUT OF MISSOURI.

DEFEAT PROPOSITION NO. 3

SCRATCH "YES" — VOTE "NO"

The Remedy - Proposition No. 1

Missouri is the ***only*** industrial state in the United States without a Workmen's Compensation Law. ***Only six states*** still operate under the costly "Damage Suit" system, the other five being Agricultural States.

Proposition No. 1 will save the consumer and taxpayer of Missouri several Million Dollars each year because it will clear the court dockets of thousands of unnecessary damage suits, put there by the "ambulance chasing" damage suit lawyers. It will assure every workman his right and due.

Vote "Yes" on Proposition No. 1

The Workmen's Compensation Law passed by your Legislature to stamp out the vicious "Damage Suit" ring that throttles the progress of Missouri today.

Proposition No. 1 does not cost the taxpayer a penny. The cost of operating and administering the law is collected from the insurance companies through a 2% charge against the employers' liability insurance premiums.

It ***does not apply to the farmer,*** casual workers or public employees. The small merchant and small business is not affected as the law specifically exempts all non-hazardous occupations.

Proposition No. 1 is based on the laws and experience of 42 states having Workmen's Compensation Laws. It was passed by your Legislature, after months of careful study and many open public hearings. It is a law requiring employers to care for their employees hurt in factory accidents. It definitely sets the amount the employer shall pay for each injury. It assures the injured worker free hospital, medical and surgical aid.

Every injured employee is assured a living income as long as he cannot work, ***without expense to the taxpayer.***

Proposition No. 1 — *The Workmen's Compensation Law* — *Vote YES* — *Scratch NO*

Ford Explains Propositions

(Continued from page 1)

the tax payer, No. 3 will call for an immense outlay of public money. By all means vote NO on No. 3.

Proposition No. 4.

This is a proposition to repeal the state laws prohibiting the manufacture and sale of intoxicating liquors. It is a well-known fact that the law has been as rigidly enforced in Nodaway County in the last two years as in any section of this state and perhaps as rigidly as any place in the whole country. Dozens and dozens of liquor law violators have been apprehended, prosecuted and punished. Yet not one of these men was punished for violating the Volstead law, of which we hear so much. They were punished for violating the laws of the State of Missouri. Repeal these laws and the bootlegger could snap his finger in the face of our Circuit Judge, Prosecuting Attorney and Sheriff. The Volstead law would still be in force and effect but our state officers have nothing to do with it. They can neither, arrest, prosecute, nor punish a person for violating it. That must be done by Federal officers.

It is better to look facts squarely in the face. The truth is the Volstead law is not being enforced and cannot be enforced, because the Federal Government has its hands too full with other matters, and besides it has not the machinery to enforce a police regulation. The bootlegger and the would be law violator knows this. It will not do for the good citizen to stick his head in the sand of prejudice and refuse to see. If we want the liquor traffic suppressed we must look to state law and state officers to suppress it. If we allow the state law to be repealed and state officers to be disarmed Nodaway County will be flooded with liquor. We will still have the 18th Amendment and the Volstead Act but the bootlegger will have about everything else.

Having no fear of the Federal government, those who would indulge in the illicit liquor traffic want to get rid of the state law. They do fear our state law because they have been taught to fear our county jail and our state prison. Having a law on the books does no good unless you have officials who CAN and WILL enforce that law. If a law was self enforcing then the Volstead Act would be all we needed. We could repeal our state laws and suffer none in consequence.

Nothing said herein is intended as a criticism of the Federal government or any federal officer. The regulation of the liquor traffic is an exercise of the police power. The federal government was not organized to exercise police powers. We must look to the state to perform that task. Right now the state is doing a mighty good job. Let it keep on keeping on. Vote NO on proposition No. 4.

Mrs. Dan O'Grady and Miss Ella O'Grady were hostesses to the Lasher Community Club Wednesday afternoon at their home, west of Maryville. At a short business meeting a birthday box was started. Roll call was responded to with recipes and household hints. Mrs. Will Job, jr., Mrs. Jesse Smith and Mrs. John Deardorff were prize winners in two Hallowe'en contests. In attendance were Mrs. Ray O'Grady, Mrs. John Eickholt, Mrs. Jesse Smith, Mrs. Wayne Cooper, Mrs. Joe Everhart, Mrs. Fred Ager, Mrs. Will Job, jr., Mrs. George Masters, Mrs. Helen Strauch, Mrs. Homer Worl, Mrs. Henry Finn, Mrs. Ray Masters, Mrs. Emery Shell, Mrs. Byron Masters, Mrs. John Deardorff, Mrs. John Schenkel and the hostesses. The place of the next meeting will be announced later.

Entertains Class Members.

Mrs. Gay Leeper gave a Hallowe'en party to members of her Sunday School class last night in the basement of the Baptist Church. The room decorations were in keeping with the season. The guests enjoyed an evening of fortune telling and progressive rook, and pie la mode and coffee were served by the hostess. The favors were witches' hats. Mrs. Leeper's guests were Nellie Barton, Neva Ross, Beatrice Hawkins, Versa Teague, Manilla Dick, Irma Hayes, Dorothy Barton, Guelda Kabel, Virginia White, Bonnie Campbell, Bernice McFarland, Miss Lois Cummings, Mrs. Hugh Graham, and Mrs. K. R. Malott.

Party at Ashford Home.

Miss Marie Ashford entertained a group of friends at a Hallowe'en party last night at the home of her parents, Mr. and Mrs. M. M. Ashford, north of Maryville. Music, games and dancing were the entertaining features and refreshments were served. Those entertained were Misses Dale Skinner, Bernice Howard, Opal Jones, Viola Jones, Etta Marie Stiverson, Pearl Pittman, Ludema Tannehill, Ruby Gilbert, and Donald Williams, Paul Smith, Homer Winemiller, Ernie Smith, Leslie Dowden, Howard Seyster, Bert Neidel, Ernest Schenkel, James Neidel, Otis Schenkel, Len Blacketer, Mr. McIntyre, Mr. and Mrs. Paul Gregory, Mr. and Mrs. M. M. Ashford, Mrs. Ruth Roclofson and Leona Blanche and Mary Gertrude Ashford.

This and That

The equipment of the modern motorist must be extensive these days of mud and water. Forrest Gillam, who makes long drives over all sorts of roads, carries among other things the following equipment: tow rope, high overshoes, a spade, lugs to be used on the wheels when chains cannot be attached, and even a "whiffle tree" for attaching horses.

"How are you getting on at your job, Bill?"

"Fine. I've got five men under me now."

"Really?"

"Yes—I work upstairs!"

With the ads urging one to "say it with flowers, or "say it with candy" one wonders why not a "say it with song titles" campaign. For example: "My Sweetheart," "I Can't Get Over a Girl Like You Loving a Boy Like me," "In a Little Garden."

"Will You Be True?" "Precious," "Me Too."

A. T. King who lives east of Pickering boasts a yellow transparent apple tree which is bearing its second crop this season. One cluster held five apples while another brought with this one to the Democrat-Forum office had four apples on it. The first crop was ready in July.

According to Dr. Frank Wallis, one eating place in Maryville is serving "groundhog" sandwiches.

Now that days are dark and dreary
And the good old fire looks bright and cheery;
Please bring on a little nip
Of cider that has aged a bit.

"Shorty" Lawrence, the Maryville mentor, tells a sad one, according to the Kansas City Star. It seems "Shorty" had a basketball star—a boy with plenty of speed. He thought he might use this speed on the football field, so took him under his wing for some training. "Shorty" never let him get in the tough practice scrimmages for fear of injuries.

"And then," wails the teacher's coach, "the big bum fell down on the sidewalk and put himself out for the whole year."

As usual Clun Price was shy and "backward" at the Elks' Dance last night, but he won the prize.

What Nodaway County Churches Are Doing

"The Drunkard and the Glutton Shall Come to Poverty."

Comment on the Uniform International Sunday School Lesson for October 31, 1926.
Read Proverbs 23.

Wm. Southern, Jr.

This is written on an Atlantic liner as we cross from New York to France. It is a steamer of the Cunard line, a British ship. On the ship is a bar and liquors of all kinds of best quality may be had.

I was curious to see for myself just what those of us who live in prohibition United States would do under the circumstances. I had read about the rush for the bar on these liners as soon as the ship passed beyond the agreed lines of prohibition. I had read about the orgies of a journey across the ocean and I was ashamed.

I need not have been. On this ship are 304 passengers and of these 85 are of our party. There has been no rush to the bar room, there has been no orgy of drinking. One or two of the passengers have indulged too freely. By far the greater number of passengers have not touched the liquors which may be had for the asking. On the dining tables may be seen here and there a bottle of table wine.

To my own satisfaction I have seen that the drunkenness on liners is propaganda. It is my intention to study and contrast in Europe our prohibition United States.

Before prohibition was made a law in our blessed country I was a grown man and had already traveled somewhat. I remember very well conditions which at that time were endured as nothing unusual. On the railway trains were always drunken men. In the big city hotels they had a bouncer on the pay roll whose duty it was to throw out the disturbing drunkard. They did not disturb the man in a drunken stupor who was avoided but who was making no trouble. On the steamships men of high and low degree were drinking and drunken and often boisterous. Not unfrequently there were fights and fatalities.

Travel now on the trains, stop in the hotels, ride on the steamships and observe and drew your own honest opinion.

This is not a sermon. I am trying to state facts and conditions which any of you may verify.

Centuries before the United States attempted prohibition, the boldest and the most remarkable attempt for the benefit of humanity ever attempted by any nation, wise men warned of the evils of drink. In ancient Egypt came the warning. The text at the head of this article is a vivid picture of a drunkard and a certain promise of what the drunkard will come to.

It seems to me that we are adopting the wrong method in our work of making good at this law. It is not always to demand the obedience to a law because it is a law. Human nature rebels at being forced. Prohibition throws a glamour about the forbidden and we naturally rebel. Of course laws should be enforced or repealed. All good citizens will obey the laws under which they live, under which their property and their lives and their liberty of speech and the freedom of the press are taken care of. Yet I think that we need as many teachers as we do policemen, we need to do what the wise writer of the proverbs was trying to do, to educate the young people. They are not vicious. They are out for a good time. I believe in all fun possible, I do not believe in prohibition of joys, pleasures and social companionships. The boys and girls of our land should know what the drinking of liquor means to them. If they could see that it means distress, disaster, discord, disgust, disfigurement and disease, they might stop, and look and listen.

A few weeks ago I was taking to a group of young men and young women, most of them just out of college, beautiful, sweet, intelligent girls, fine, manly and hopeful boys. I told them I was not going to ask them to take a pledge, not going to preach about drinking and drugs but going to tell them what drinkink and drugs would do to their beautiful bodies and wonderful minds.

A few days ago I read in a book: "If a man were normally as foolish and silly as when he is drunk he would pay any sum of money, endure any provation, stand any trials to be cured."

Not only wise men of ancient times warned about drunkenness. Listen to two modern prophets. Abraham Lincoln said: "Whether or not the world would be vastly benefitted by total and final abolition of all intoxicating drinks seems to me not an open question. Three-fourth of mankind confess the affirmative with their tongues, and I believe all the rest acknowledge it in their hearts."

Dr. Lorenz, great bloodless surgeon, asked a waiter for water, pushing aside the wine glass. "Are you a teetotaler?" he was asked. "I can not say that I am a temperance agitator," he replied, "but I am a surgeon. My success depends upon my brain being clear, muscles firm, and nerves steady. No one can take alcholic liquor without blunting these physical powers, which I must keep on edge. As a surgeon I must not drink."

Men are saying that prohibition in the United States is a failure. It is not true.

I sadly admit that the law is violated, that there is far too much drinking, that men in high places have betrayed their trust, that conditions in spots are deplorable. But compared to pre-prohibition days the flow of liquor is as the car load to the pocket flask.

Also I want to say that the bootlegger is not the most to blame. It it the so-called good citizen who is the bootlegger's customer.

If all church members, all Christians and their families should rise up over night and in their might demand and continue to demand honest officials, honest enforcement of laws and let it be known that their votes would always count on that side, the prohibition question would be settled in one election and for all time.

THE EVILS OF STRONG DRINK

Lesson Text.—Prov. 23: 29-35.

29. Who hath woe? Who hath sorrow? Who hath contentions? Who hath babbling? Who hath wounds without cause? Who hath redness of eyes?

30. They that tarry long at the wine; they that go to seek mixed wine.

31. Look not thou upon the wine when it is red, when it giveth his colour in the cup, when it moveth itself aright.

32. At the last it biteth like a serpent, and stingeth like an adder.

33. Thine eyes shall behold strange women, and thine heart shall utter perverse things.

34. Yea, thou shalt be as he that lieth down in the midst of the sea, or as he that lieth upon the top mast of a mast.

35. They have stricken me, shalt thou say, and I was not sick; they have beaten me, and I felt it not: when shall I awake? I will seek it yet again.

Baptists to Convene at Savannah Sunday

District Conference To Be Held There—Prather To Preach At Local Church On "Listening To The Lord."

A conference of Northwest Missouri Baptists is to be held at Savannah Sunday and a large number of members of the local church are expected to attend this meeting. Many prominent Baptists leaders will deliver addresses. The general theme will be, "The Missouri Baptist Budget For 1927." The Rev. A. D. Cooper of St. Joseph will be the chairman. Many of the speakers are well known to Maryville Baptists.

At the morning church services here, the pastor, the Rev. Guy L. Prather will preach on "Listening to the Lord." Sunday school will begin as usual at 9:30 o'clock and the church services at 11.

A number of young people have been attending the B. Y. P. U. services, which begin at 6:30 o'clock every Sunday night.

At the evening services, the pastor will preach on "A Hungry Heart." At the prayer meeting services at 8 o'clock Wednesday night, the subject for discussion will be "Bible Plans For Financing the Lord's Work."

To Preach at Bedison.

The Rev. J. T. Alsup of Maryville will preach Sunday night at the Bedison church.

BIG DAY FOR CHURCH HERE

TO "REDEDICATE" BUILDING SUNDAY.

DR. M'CASH COMING

Christian Church Has Been Redecorated and Repaired.—A number of Improvements Made.

Plans are being rapidly completed for the "rededication" of the First Christian Church building here Sunday.

Dr. I. N. McCash, president of Phillips University at Enid, Okla., and pastor of the church here about thirty years ago, will preach both at the morning and evening services. He and Mrs. McCash will arrive in Maryville tomorrow noon, and he will meet with the members of the official board at a meeting to be held at the church at 7:30 o'clock tomorrow night.

Dr. McCash was pastor here while plans were being made for the construction of the present building. He returned for the laying of the cornerstone. From Maryville, Dr. McCash went to Des Moines, Ia., where he was pastor for some time. He has been head of Phillips University for several years.

Special music is being planned for the services Sunday morning. H. J. Becker of Shenandoah, Ia., who directed the Christian Church choir here for six or seven years, will be in charge of the music Sunday morning. He will arrive in Maryville late this afternoon and will meet with the members of the choir tonight for a rehearsal. Mrs. F. P. Robinson will sing a solo Sunday morning. At the night services, the young people's choir, under the direction of Chilton Ross, will sing.

A large attendance is expected at the Sunday School and church services Sunday. The Men's Class will return to its former meeting place at the I. O. O. F. hall and all members are urged to attend.

The church building has been thoroughly cleaned, repainted and a number of improvements made. The basement has been repainted and new heating pipes installed. A new stove is soon to be installed and hot and cold water will be available. The dining room has been redecorated and the floor oiled. There is a new floor covering in the main part of the church. All the seats have been cleaned and revarnished. The organ pipes have been retinted, the woodwork waxed and the instrument tuned. All the pulpit furniture has been cleaned, revarnished and waxed.

The electric fans have been cleaned and new light fixtures installed. The indirect lighting system is used in the balcony. Three new large windows, with steel frames, have been installed. The baptistry has also been changed and remodeled. All radiators have been cleaned and repainted and all outside woodwork has been repainted.

A new fireproof roof has been put on the church building.

All the inside decorations are in Biblical colors and the design is one appropriate only to churches. Symbols of the Deity are used in the Mosiac design.

F. P. Robinson was chairman of the committee in charge of the work. The other members of the committee were W. E. Goforth and John G. Mutz.

Dr. James to Preach on Missouri Sunday A. M.

"Conspiracy To Betray Missouri" Will Be His Subject—District Superintendent To Preach At Night.

"A Conspiracy to Betray Missouri" will be discussed by Dr. C. C. James in his Sunday morning sermon at the First M. E. Church, beginning at 10:45 O'clock. Sunday school will start at 9:30 o'clock. Members of the Intermediate and Epworth Leagues will meet at 6:30 o'clock. Dr. E. L. Robinson, district superintendent, will preach at the evening church services.

How We Got Our Bible

A continuation of a series of articles by the Rev. William N. Dewar, pastor of the Presbyterian Church.

Between the time of Caedmon, Bede and Alfred the Great when the Bible was translated into the Anglo-Saxon tongue and the appearance of the first translated English version of the Bible there lies six hundred silent years. During that period no effort was made to translate the Bible. England had suffered the Danish invasion, the country was in a state of disturbance, the Saxon clergy were replaced by the Priests of Normandy, and the Saxon language was held in contempt by those who spoke the Norman French. The language of the country was in a state of flux; Anglo-Saxon and the Norman French were flowing together; the two languages lost their ancient characteristics, merged themselves in one and formed the English tongue. This happened in much the same fashion as is taking place today in the United States. Many foreign tongues are contributory to the basic English tongue in forming the language of the United States. The foreign languages fused with the English language cause all of them to lose something of their native character.

This gradual growth of the English tongue through six hundred years was preparing the way for new and epoch making translations of the Bible.

Prior to the time of John Wycliffe, who was the translator of the first English version of the Bible, there were two great Bibles in existence. One was in Greek the other in Latin. The name of the former is the "Septuagint" the name of the latter is the "Vulgate." These two versions formed, in large measure, the basis of all later translations. The Septuagint is the earlier version. It was the work of seventy Hebrew Scholars, sent to the Isand of Pharos, and shut up in seventy rooms for seventy days. At the end of that period each scholar had translated the Bible from the Hebrew into the Greek. When the seventy versions were compared it was discovered that they were all alike in every particular. This was a very remarkable coincidence. However, it is much more remarkable, as Dr. Clelland B. McAfee remarks that "seventy men should have made the same mistakes without depending on each other." The above story is, of course tradition, and the truer belief is that the Septuagint was the rusult of a long, slow growth.

The Vulgate on the other hand was the work of the Latin scholar Jerome. Jerome in his translation went back of the Septuagint to the original Hebrew wherever it was possible. Jerome spent fourteen years labor on his version and settled in Bethlehem, Palestine, to do his work the better. This version is named the Vulgate for the reason that the language into which it was translated was the vulgar or common language. The Vulgate is the great Bible of the Roman Church today.

These are mentioned here because they figure largely in the growth and development of the English Bible.

When English had become the settled tongue of North Britain, John Wycliffe, a parish priest of Lutterworth, conceived the necessity for a new translation of the Bible. In that day the Bible was a closed book to the people and great numbers of the clergy were ignorant of the language in which it was written. To correct this abuse and to diffuse a knowledge of the Bible among the people Wycliffe determined to give it to the people in their own tongue. In the accomplishment of this purpose he encountered much opposition from his brother churchmen. Before he began the work he had fallen into disfavor with church authorities through his attack on the many abuses then existing in the church at large. He sought to undermine the power of Rome in the church and was three times tried for heresy and three times barely escaped with his life. Wycliffe's attacks on the church opened the eyes of many to the need of reform and he was characterized as "the torch of the reformation." He might have done more than throw light on the way if he had been more constructive than he was destructive in his warfare. He had no genius as a leader, and was decidedly one sided in his views. He could not therefore command a following, and without a following he could create no reform.

After his third trial he retired to his church at Lutterworth and gave himself up to the translation of the Bible into English. The result was the first English Bible. The Bible in the "mother tongue."

Wycliffe in 1384, on the last Sunday of the year, while engaged in the administration of the Sacrament, fell to the ground in a violent fit of the palsy. He never spoke again until his death on the last day of the year.

A short time after his death a petition was refused by the Pope requesting that his bones be dug up and buried in a dung hill. But forty years after, by a decree of the Council of Constance, the old reformer's bones were dug up and burned, and the ashes flung into the little river Swift, which "runneth hard by his church at Lutterworth." And so, as old Fuller wrote, "as the Swift bare them (his ashes) into the Savern and the Savern into the narrow seas, and they again into the ocean, thus the ashes of Wycliffe is an emblem of his teaching, which is now dispersed over all the world."

(To be continued next week).

Methodist Church

Last Sunday was a good day with us. The pastor was glad to have you in the service; hope you enjoyed the day and that you will come again.

The congregation Sunday evening was especially appreciated. Had a good League service—you should have been there.

A good number was out for Sunday school to find many teachers absent. It was the pastor's privilege to have the men's class Sunday for a good lesson.

We have a good lesson next Sunday and hope you can be there. Services at the usual hours next Sunday. Come and worship with us, a cordial welcome is yours.

The High School class of the Methodist Sunday School will hold their annual party on Friday evening at 7:30 p. m. at the church.

Your presence and interest at these services is desired.

S. M. BEAN, Pastor.

Christian Church Notes.

Eighty-five in Sunday School last Sunday. Very good attendance considering the roads. You were not there were you? You were missed.

There will be preaching next Sunday as it is the fifth Sunday in the month, but after Sunday School, Sister Belle Witham will speak on the word of God.

Let us have a large attendance at Sunday School.

Christian Church Notes.

Sunday School and church attendance numbered 32 persons last Sunday. We are always glad to recognize those who come a considerable distance to our services, for it reminds us that we too should make like sacrifices to the Lord's work. Sunday School and church services next Sunday morning and church services at 7:30 p. m. Sunday evening.

Let everybody plan to attend these services. Our services, however much, are small and insignificant as compared with the sacrifice our Lord, made for us.

There will be a meeting of the official Church Board, Sunday afternoon, at 2:30 p. m. All members of the church board are requested to be present.

DRAMATIC EVENTS IN BIBLE HISTORY : : By Harlowe R. Hoyt and Walter Scott

The Crossing of the Jordan.

Once Joshua had decided to advance upon Jericho, he led his people to the banks of the Jordan. For three days they encamped there while officers were sent among them to tell them what to do.
As Jehovah had directed, Joshua ordered the priests to lead the way across the river, bearing the Ark upon their shoulders, while the Israelites remained a full half mile in the rear.
As the priests walked into the Jordan, the water parted before them and the bed of the river was bared. So while they stood in the ooze and mud, upholding the sacred Ark, the Israelites passed into Canaan.
Then Joshua chose twelve men, one from each tribe of Israel, and bade them each take a stone from where the priests stood. These were placed on the bank of the Jordan as the first sanctuary of the holy land, and there the tabernacle stood until it was removed to Shiloh.

TRUNK HOLDS KEYES' TRUMP

ATTORNEY DECLARES IT WILL PROVE CARMEL CHARGE.

FOUND IN NEW YORK

Evangelist's Prosecutor Says Boudoir Cap Contains Strand Of Auburn Hair Like Aimee's.

Los Angeles, Oct. 29.—A trunk full of women's clothing which Kenneth G. Ormiston, fugitive radio operator, is said to have taken across the continent to New York will furnish a real solution to the mysterious Aimee Semple McPherson case, District Attorney Asa Keyes declared today.

After a five-weeks hearing of Mrs. McPherson and her mother, Mrs. Minnie Kennedy, on charges of perjury and conspiracy in connection with the evangelist's famous tale of kidnapping, the prosecutor said that he believed the trunkful of finery will clinch his case.

The trunk was found in a New York City hotel and was expressed here today.

Chief among the garments in the trunk were lingerie, sleeping apparel, an evangelist dressing robe and evening gowns, according to Keyes. The prosecutor asserted also that a boudoir cap in the trunk contained a strand of auburn hair. This single hair, he said would be subject to "complete mieroscopic analysis."

Mrs. McPherson merely ridiculed the new clue of the district attorney. She refused to comment on the attorney's assertion that the trunk contained considerable boudoir finery, including an evangelist's dressing gown.

Spoofhounds Lead Trenton

rolled over the Trenton goal line. Scheetz fell on it for a safety, scoring two points for Maryville. Maryville 2, Trenton 0.

Maryville had a chance for a touchdown near the end of the half, when Trenton was penalized fifteen yards. Scheetz punt was blocked and Swinford recovered for Maryville on the Trenton 15-yard line. Kissinger made 5 yards but the Spoofhounds drew a 5-yard penalty. Kissinger made six yards, then three, and Trenton took the ball on their own 1-yard line.

Scheetz then punted out of danger, and the half ended with Maryville in possession of the ball on the Trenton 27-yard line.

The starting line-ups:

Trenton—Taylor, left end; Sheetz, left tackle; Rooks, left guard; Graham, center; Harris, right guard; Craig, right tackle; Williams, right end; Clements, quarter; Moore, left half; Forbes, right half; Jones, fullback.

Maryville—Mumma, left end; Howard, left tackle; New, left guard; Smith, center; Nichols, right guard; Hall, right tackle; Alsup, right end; Swinford, quarter; Stanfield, left half; Kissinger, right half; Keever, fullback.

Officials—Beeton, referee; Barkley, umpire; Deatherage, head linesman.

Mrs. Coolidge's Hats Are Now Much Smaller

Washington, Oct. 29.—Mrs. Coolidge, known to women of the country for her large becoming hats, has taken kindly to the small hat mode. She has several with high full crowns.

One of her latest dresses is a white ensemble of flat crepe and broadcloth. The gown, which has a long bloused bodice and a gathered short skirt, is made of the crepe, banded in the broadcloth. Her coat is full from the shoulder, with large open sleeves. The collar is plain, and on it The First Lady frequently pins a white rose, or a brilliantly contrasting red one.

24-Hour Time Days Adopted in Sweden

Stockholm, Oct. 29.—Times tables of 24 hours instead of twice 12 will be issued by the Swedish railroads next spring and a similar subdivision of the day is likely to be adopted soon by the postal service and other public departments.

The administration of the Swedish telegraphs and telephones has used the 24 hour scheme since 1909 and thus the public is already partly accustomed to saying 15 o'clock, instead of three P. M., or 21 o'clock for nine P. M., exactly as they do in France.

How to adapt the dials of clocks and watches has not yet been decided, but it is likely that the afternoon hours will be printed in a different color inside the morning figures, as they now are on the clocks of the government telegraph bureaus.

Search around Kirksville left end, no gain; Maryville backfield in motion, 5 yard penalty; Wilson over right tackle for 1 yard; pass from O'Banion grounded by Kirksville and it was Kirksville's ball.

L. Craig went over Maryville right tackle for 7 yards; Simmons steamed over left guard for 22 yards and first down; the ball was on the 50 yard line; time out; Simmons gained ½ yard through center; a pass, Cottle to Fuerst, was grounded by O'Banion; Craig went through left guard for 2 yards; fourth down; Cottle kicked over the goal line and it was Maryville's ball on her 20 yard line; Willoughby fumbled and recovered for no gain; O'Banion kicked to L. Craig on Kirksville's 44 yard line; he was downed in his tracks; a pass, Cottle to L. Craig, was good for 6 yards; Simmons fumbled and Graham recovered at Kirksville's 43 yard line; Maryville's ball. Willoughby slid over right tackle for 1 yard as the quarter ended. Score end first quartet, Kirksville 7, Maryville 0.

Second Quarter.

Maryville's ball on Kirksville's 42 yard line and 2nd down. O'Banion passed and it was incomplete. O'Banion's pass to Search was intercepted by Craig. It was Kirksville's ball on her own 44 yard line; Craig lost one yard at center; Simmons went over Maryville's left tackle for 9 yards; Cottle went through for 4 yards and first down; Simmons skirted Maryville's right end for 12 yards and first down; Craig carried the ball over left tackle for 3 yards; Simmons then hit center for 10 yards and another first down. The ball was on Maryville's own 18 yard line; L. Craig slid over left tackle for 3 yards; Westfall substituted for Hartman and McCullough for Mullenaux for Maryville.

L. Craig on a delayed off-tackle play made 6 yards over Maryville's right tackle. Time out for Maryville. Ball on Maryville's 9 yard line, third down, 2 to go. L. Craig over left guard for 1½ yards; fourth down, 1 foot to go. Simmons over left tackle for one yard. Ball on Maryville's 6 yard line. L. Craig went over center for 3 yards; Simmons over left tackle for 2 yards. Simmons went around left end for touchdown. The place kick by Cottle for extra point was no good.

Score, Kirksville 13, Maryville, 0.

Department Commends Domestic Rabbit Meat

Washington, Oct. 29.—Domestic rabbit meat is the chicken's nearest rival according to the Agriculture Department.

Housewives are told by the government that rabbits raised for meat are rich with food value and have delicious flavor.

"Domestic rabbits have clean habits. Their diet, consisting chiefly of oats, barley and alfalfa hay, makes the meat sweet and tender." the Department said.

To promulgate the popularity of rabbit meat, the Department has issued colored posters, picturing dressed rabbits and plates of fried and baked rabbit meats.

Shark Permit.

Havana, Cuba, Oct. 29.—Shark killing on a commercial scale has begun on the south coast of Cuba as a result of a concession granted by the Cuban Government to a Havana concern.

Sharks ranging from five to 19 feet in length swarm the waters surrounding the island. Numerous complaints have been made to the government by fishermen that sharks are devouring smaller fish so rapidly that unless prompt action is taken edible fish will be driven from the Cuban fishing banks.

The Havana company intends to make the shark skin into leather, and to sell the dried shark fins to the large Chinese colony residing here. An American company has offered to buy all the shark oil that can be obtained for use in medicines and paints.

Interesting Services at the Churches of the County

AT PICKERING

Christian Church

Sermon for next Sunday morning, "The Scarlet Thread," evening service, object lesson talk to the children on The Lord's Prayer, followed by a short sermon. Bring the children to these services.

Our chorister, Bro. Lincoln, is leading the singing in a revival at Workman Chapel, conducted by Rev. Alva Ragsdale, the pastor.

There has been no Christian Endeavor services the last two Sundays on account of the illness of Mrs. C. R. Harmon, the C. E. sponsor. Announcement will be made Sunday morning about the Sunday night C. E.

Grandma Swaney is confined to her bed with pneumonia fever. She has been unable to attend church all summer, but none are more interested in the work than she.

The Laurel Division of the Ladies Aid will serve a waffle supper Saturday evening, Oct. 30 in the west side of the Wray Hdw. Store. The serving will begin at 5:30. Let's all go down and have a waffle and a cup o' coffee.

Come to Sunday School and stay for church.

Methodist Episcopal Church

Pickering Charge.

Sunday services as follows:

Pickering

Sunday school, 10 a. m.

Special program 11 a. m. Mrs. M. E. Ford of Maryville will deliver an address which all should hear. Special music also.

Preaching and secial music 7:30 p. m.

Myrtle Tree

Sunday school, 10 a. m.

Preaching, 11 a. m.

Our church at Pickering has undergone considerable improvement lately through the instrumentality of our efficient Wesleyan Society—a new roaf, new wall paper, a new furnace. So our church presents quite a neat and inviting appearance.

A large number of people of the community attended the reception given at the church last Monday evening on behalf of the teachers of our public schools and the new pastor of the M. E. Church, Rev. H. A. Doughty and family.

Every good citizen should not fail to go to the polls next Tuesday and register their convictions on Amendment Number 4 by scratching "Yes" and leaving the "No" as it stands on the ballot.

AT SKIDMORE

(From the Skidmore News.)

M. E. Church, South.

A revival is in progress at the M. E. Church, South. The pastor, the Rev. Paul K. Holland, is in charge. Business houses are being closed at 8 p. m., in order that employes and others may attend the services. The meetings will continue for two or three weeks.

First M. E. Church.

There will be services Sunday morning only. The congregation will be dismissed at night in order to attend the revival services at the M. E. Church, South.

AT BURLINGTON JUNCTION

(From the Burlington Junction Post.)

Christian Church Notes.

114 in Sunday School. We had some mud, but also some who were able to overcome it, and be present.

Our play practice is coming along nicely. "The Minister's Wife's New Bonnet" certainly does stir up a lot of talk.

Our union meeting Sunday night, addressed by Supt. Ziegler of Maryville had 88 present. A solo, by Miss Pauline Walker gave much pleasure. Supt. Ziegler brought a message full of facts and earnestness, and doubtless made a strong, positive addition to this community's convictions against Proposition No. 4.

The Sunday morning sermon theme will be "What Shall a Christian, Do To Be Saved?"

Christian Endeavor at 6:30. Come.

There will not be any evening service, according to custom as the pastor is conducting revival services at Workman Chapel. It is hoped that a good number of our people will drive out to the Chapel for the Sunday night service. Those who do not should go and hear Brother Thompson.

Our son service at the Workman Chapel meeting is being splendidly led by Orlo Lincoln of Pickering.

M. E. Church.

Before you will have another opportunity to read the notes of next week, the general election will have been held. Permit me to say again, be careful how you vote on No. 4. Scratch the word "Yes" and leave the word "No" untouched, and you will vote right. We must have a sweeping and unanimous vote in the rural districts in order to off set the wet vote of the city.

Next Sunday will be hospital day, and the pastor will give an address at the morning hour on that subject. He has been appointed group leader, involving the towns of Burlington Junction, Clearmont, Quitman, Skidmore and Maitland. There will be a meeting of this group here Saturday afternoon at one o'clock.

You are invited to all services.

J. HOWARD THOMPSON, Pastor.

Hatton Is Collector of Colonial Antiques

Raymond Hatton is ever searching for early Colonial antiques.

Through many years of wandering up and down the Eastern coast of the United States the player has gathered more than four hundred pieces of American antiques of a remote vintage.

Several of the pieces of old pewter are said to have been owned by President Jefferson although this fact can never be fully verified.

In company with Mrs. Hatton, also an ardent antique hunter, he recently made a special trip across the continent to old Salem, Massachusetts, for the sole purpose of unearthing new treasures to be added to their collection.

BUNKER HILL ITEMS.

Mr. and Mrs. Troy Boomfield and family visited at Ralph Lewis' in Parnell Sunday.

Mr. and Mrs. Emery Dixon and children spent Sunday with Mr. and Mrs. Ike Rickabaugh of Sheridan.

Our road boss, Troy Bloomfield, and the men of the district are working the roads this week.

Jim Young is building a cave for Emery Dixon this week.

George, Bert and Charley Auten left Monday for points in Iowa to husk corn.

George Ranch, Fred Cottrell and Clem Smith returned last Thursday from the Dakota and Canadian harvest fields, where they have been working since early in August.

Willa Porch saw three prairie chickens Monday of this week.

Ova Ranch has begun to husk corn.

Fred Cottrell is husking corn for Alva Porch.

Emery Dixon had the misfortune to have a young colt get so badly mired in a ditch Monday that he had to pull it out.

Warren Thummel of Maryville is visiting his father, A. A. Thummel, this week.

Mr. and Mrs. Frank Reavis and family of Maryville spent the week end with A. A. Thummel.

Got the Real Thing

"For five long years I suffered with stomach trouble and what the doctors called gall stone colic, and all said nothing but an operation would do me any good. A friend who had taken your medicine advised me to try it, and I found it to be the real thing. I feel better than I have in eight years and I am praising God for MAYRS." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. All druggists.—Advertisement.

PAN-A-CE-A
puts hens in laying trim

Put your hen in laying trim —then you have a laying hen

YOU WANT music in your poultry yard—song, scratch, cackle.

You want an industrious hen—a hen that will get off her roost winter mornings, ready to scratch for her breakfast.

A fat, lazy hen may be all right for pot-pie, but for egg-laying—never!

Add Dr. Hess Poultry Pan-a-ce-a to the ration daily, and see the change come over your flock.

See the combs and wattles turn red.

See them begin to cheer up and hop around. See the claws begin to dig in.

That's when you get eggs.

Costs Little to Use Pan-a-ce-a

The price of just one egg pays for all the Pan-a-ce-a a hen will eat in six months.

There's a right-size package for every flock.

Closing Grain Review.

Chicago, Oct. 29.—Corn occupied the center of the stage on the Chicago Board of Trade today. The sharp break in this cereal as felt in all the other pits and dragged them to a close lower than that of yesterday.

Wheat closed ⅛ cent lower. It was fully 1½ cents cents rather early in the session on the weakness of corn and the size of the Canadian movement which is still carrying on at top speed. Cash prices were ½ cent lower.

A revision in the receipts of corn from 595 cars to 736 took the market by surprise and caused a break of about 2 cents. The close was 1⅜ to 1⅝ cents under yesterday's. All positions touched new lows. Cash prices were 1 to 1½ cents off.

Oats closed ¼ to ⅜ cents lower despite a good demand from the South and West. Cash prices were ½ cent lower.

Provisions closed lower.

Fayette Irwin of Knoxville, Tenn., came last night for a visit at the home of his cousin, B. C. Hall, and family, near Wilcox.

Says Defeat Not Bitter by M. H. S.

A Joy To Win, A Pleasure To Lose Says Trenton Principal At Pep Assembly Here.

"If Trenton is to win she is glad to do that with any team on any Friday; but if she is to be defeated there is no other school than Maryville High School that she would rather be defeated by," said W. H. McDonald, principal of the Trenton High School at a pep assembly this morning at the local High School preceding the annual football game between the two schools. "Maryville is clean in its sportsmanship and we always feel at home here," Mr. McDonald said.

"A Game Guy's Prayer" was given by Miss Mabel Messick of the faculty. A charge to students was given by Miss Laura B. Hawkins. A brief talk was given by L. E. Zeigler and a few words from John Lee Cockayne, grade student and football enthusiast. Ora Petty, student president, was in charge of the assembly. Yells and peppy band numbers were included on the program.

Home Equipment to be Shown on Special

Nodaway Countians Especially Interested In Exhibition Because Of Work Done In This Line.

Conveniences in the farm home seem of sufficient importance to officials of the Wabash Railway Company that they have included a demonstration car of home equipment in the Farm and Home Special which they are running over their North Missouri lines November 1 to 6. The special arrives in Maryville at 10.15 o'clock, November 3, for a two-hour stay. In this project they have the cooperation of the University of Missouri College of Agriculture.

The home convenience car will contain many pieces and systems of practical equipment with a statement of the actual cost of each when installed in the home. It will show how every home can be made modern by adding equipment unit by unit. The exhibit will also show how a plan for a complete water system, safe sewage disposal, a good lighting system, and mechanical power for operating equipment, can be realized by installing equipments in units.

Miss Mabel V. Campbell, head of the home economics department of the College of Agriculture will be one of the special speakers on the train. Short informational talks on the "Mechanically Efficient Farm Home" will be given at each stop by J. C. Wooley, professor of agricultural engineering, and Miss Fra Clark, home management extension specialist of the College. This subject is of special interest to Nodaway countians because of work already done along this line.

A home convenience contest is an added feature of the train. The prizes consist of a simple water system, a hot and cold water system, a kerosene water heater, and a set of pipe fitting tools. The prizes will be used as a part of the equipment in the demonstration car. Any boy or girl over eighteen years of age or any man or woman who lives on a farm is eligible to enter. Complete information will be given at the train where entries must be made in person.

Funeral Services for Leo Russell Today

Body Arrived From Fort Snelling, Late Yesterday; Accompanied by Army Guard.

Funeral services for Leo J. Russell, 23 years old, were held at the Baptist Church at Bolckow, at 2 o'clock this afternoon. The Rev. F. O. Sanders of Savannah, conducted the service. Burial was made at the Bolckow cemetery.

The body arrived at Barnard late yesterday from Fort Snelling, Minn., accompanied by Corporal Fred Benn.

In telling of the accident, Corporal Benn said that Russell was walking along a paved road late Tuesday when a car traveling at high speed was driven too near the pedestrian, the bumper of the car hit Russell, and he was thrown to the pavement and his skull crushed. The pavement was wide enough for three cars, the corporal said.

Russell is survived by a son, Lloyd Robert Russell, 2 years old, who lives with his grandparents, Mr. and Mrs. E. R. Russell, near Barnard; three sisters, Dorothy, Velma and Eula Russell, all at home; and one brother, Orville, of North Dakota, who arrived at noon to attend the services.

Russell, who had been in the army about a year, was in the tank corps.

Caught Two Wolves In Trap.

Roy Manley is perhaps the most successful trapper of wolves in the County. He caught a large female wolf Sunday night in a trap. Again Tuesday he caught a large male wolf. He says he uses neither bait or scent, and he sets his traps barehanded. He has two more traps coming in and plans to rid his community of wolves.—Barnard Bulletin.

Will Build Plant Here Next Spring

M. F. A. Will Sell Stock for Warehouse and Assembling Plant In Maryville.

(Barnard Bulletin)

C. G. Clements, fieldman for the State Board of the M. F. A., was in Barnard Wednesday and Thursday, making arrangements to finance a big assembling plant for produce sold through M. F. A., channels from the northwest part of the state. The plant is already in operation at Maryville, but in a rented building uptown, and the plan is to build an assembling warehouse, for which the money is asked.

The plant at Maryville is an outgrowth of the consolidation of the St. Joseph and Chillicothe plants, which is now under the management of the Chillicothe men. There are four branch houses of this big central plant; a cold storage plant at Trenton, an assembling plant at Salisbury; an assembling plant at Albany and the one at Maryville. The capital stock authorized is $75,000 at the par value per share being $25.00, and the shares are now carrying a comfortable margin above par due to a splendid reserve.

It is expected that only $2,000 will be needed to build this ware house and assembling plant, as the ground is already leased on the Wabash railroad right-of-way, and much of the equipment is already on hands. This sum will be raised in the Maryville territory, which comprises Nodaway County and outlying counties that have good shipping facilities to Maryville.

Mr. Clements said Wednesday, "We expect to have the shares necessary to raise the $2,000 sold within a short time and the building started. The large volume of business that our plants have enjoyed has enabled us to lay up a comfortable reserve and the plant is making money. This is a big inducement to the people to buy the shares which sell at $25.00 par value."

Miles Spargur, field secretary for Nodaway County, was also in Barnard and stated that it was planned to make an intensive contract drive sometime during the winter in which drive there was every indication that seventy-five per cent of the farmers would be signed up on the M. F. A. marketing contract.

Local Masons Return From State Meeting

A. L. Nash and M. A. Lewis, jr., returned this morning from St. Louis where they attended the 106th annual meeting of the Grand Lodge of A. F. & A. M., of Missouri. Jonathan Stark, who also attended the meeting, returned yesterday. Others from Nodaway County in attendance at the meeting were: Clyde Perkins of Barnard; J. B. Landon of Hopkins; E. D. French of Skidmore; and Lloyd Brown of Burlinton Junction.
